

List-Corp.Com – Frequently Asked Questions

Question:

Why pay for inclusion in the [list-corp.com directory](#)?

Answer

That's quite simple. We provide a high-quality business listing, people can focus on your listing, read it, understand it, and not be distracted. With literally hundreds of thousands of pages in our directory, and plans to add over twelve million pages, we have one of the largest sites on the Internet. With that type of content, the search engines find and index our pages with ease.

Question:

What is the cost associated with a list-corp.com listing?

Answer:

The cost is currently \$14.95 in United States dollars. The cost is same for everyone. When you compare this amount to the prices charges by others, it seems like a real good bargain, and in fact it is.

Question:

How is it decided how my site is indexed?

Answer:

You company has been associated with a standard industry code, and has been placed in that category. If you need to request placement in another category, please contact us and we will make the change, plain and simple. We listen to our customers, and always respond quickly.

Question:

Your site mentions that a network of business search sites is in the works, does that mean I will be listed on all these sites?

Answer:

Currently, because we did not want to continue to duplicate content, list-corp.com is the only directory associated with your business listing. After all, we are in the business of improving search results for all the web sites that list with us.

Question:

How exactly does this "improvement" work?

Answer:

By having a web site with lot relevant content, a proper constructed web page, and using advanced XHTML and CSS design concepts, the search engines love our pages. You list with us, our page featuring your site is indexed, and consumers can easily find your website. It's that simple.

We hope you are enjoying the benefits of listing with us, and if you have tips on how we can improve, please [contact us...](#)
